Humankindness needs you.

Neurotology Opportunity

The **Division of Otolaryngology at Creighton University Medical Center** and **CHI Health** are currently recruiting for a **Neuotologist** to join our vibrant program and expand our clinical and surgical activities in conjunction with our Neurosurgery program.

Our highly experienced team of sub-specialty trained Otolaryngologists, focusing on Anterior Skull Based surgery/Rhinology, Head & Neck Endocrine surgery, Facial Plastic surgery, and Laryngology & Thyroid, provide highly comprehensive, high quality care, benefiting from the largest primary care referral network in the region.

This opportunity offers:

- Academic Appointment with Creighton University School of Medicine
- 4 Advanced Practice Providers and 4 Audiologists, helping offer unparalleled services
- Work congruently with our esteemed and growing Neurosurgery program
- Highly engaged with the Department of Surgery residency program
- Excellent work/life balance with minimal call coverage
- Active clinical research program; ample opportunities with Creighton University/CHI Health
- Highly competitive salary guarantee, relocation, benefits, and more

Interested applicants please email your CV to:

At CHI Health, we believe in the power of education. That is why, as partners with Creighton University School of Medicine, we are shaping a new future for academic health. CHI Health Bergan Mercy supports a culture where academic and community physicians collaborate. Together, we are taking education, research, and innovation well into the future.

CHI Health is a part of Commonspirit Health, a non-profit, Catholic health system committed to building healthier communities, advocating for the poor and vulnerable, and innovating how and where healing can happen, both inside our hospitals and out in the community.
